EDUCATION

University of British Columbia, Vancouver, BC

Expected Graduation May 2029

BASc in Engineering 3.0 GPA

Relevant Coursework: Circuit Analysis, Electricity & Magnetism, Linear Algebra, Embedded C, Engineering Design.

WORK EXPERIENCE

FulcrumAir, *Engineering Co-op*, Calgary, AB

May 2026 - Present

- Designed, assembled, and tested hardware prototypes for the UAV research & development team.
- Prepared technical documentation and maintained engineering databases to support product development.

KPMG Canada, *High Growth Ventures Intern*, Calgary, AB

July 2025 - August 2025

- Managed a database of 3,000+ technology companies to support business development and market analysis.
- Evaluated 150+ startups based on technical innovation and growth potential to drive client acquisition strategies.

University of Calgary, *Research Assistant*, Calgary, AB

July 2023 - August 2023

- Modelled and simulated Op-Amp oscillator circuits in LTspice to support research in amplifier-based oscillators.
- Contributed to academic projects across faculties and presented findings at symposiums and research boards.

PROJECTS

Custom Motor Driver Module

- Designed a custom motor controller PCB supporting 24 V, 5 A loads, RS-485 communications, and C++ firmware.
- Performed component selection, schematic capture, PCB layout, SPICE simulations, and hardware testing.

Autonomous 6-Wheel Rover

- Designed power and drivetrain prototype PCB designs in Altium to efficiently manage power and signal routing.
- Wrote C firmware for autonomous motor control and UART sensor data acquisition on the STM32 platform.

SKILLS

- *Languages:* C, Python.
- *Tools:* Altium, KiCAD, MATLAB, LTspice, VS Code, Git, Microsoft Excel.
- *Hardware & Lab:* Arduino, STM32, ESP32, Oscilloscopes, Soldering, Circuit Debugging.

LEADERSHIP EXPERIENCE

Place Vanier Residence Association, *House Council Member*, Vancouver, BC

September 2025 - Present

- Led the events subcommittee to plan and execute initiatives, managing timelines, budgets, and communications.
- Leveraged resident feedback to tailor events, significantly boosting attendance at house events by over 100%.

Society for AI Literacy, *Logistics Executive*, Calgary, AB

October 2023 - Present

- Organized and executed AI workshops for 300+ students, managing outreach, curriculum, and event coordination.
- Secured partnerships with academic and industry organizations to expand educational programming.
